VA North Texas Health Care System (VANTHCS) serves a veteran population of approximately 500,000 throughout 38 counties in North Texas and 2 in southern Oklahoma. Comprised of Dallas VA Medical Center, Fort Worth Outpatient Clinic, Sam Rayburn Memorial Veterans Center in Bonham and Tyler VA Primary Care Clinic, VANTHCS provides state-of-the-art health care to veterans.

The majority of our medical staff serves on faculty of The University of Texas Southwestern Medical Center at Dallas (UT Southwestern). VANTHCS and UT Southwestern actively collaborate in over 350 on-going medical research projects in such diverse areas as hypertension, AIDS, diabetes, Alzheimer's Disease and PTSD. VANTHCS is widely recognized as one of the most innovative VA systems in the nation and a leader in meeting the social and medical needs of veterans.

VANTHCS is a valuable education resource and welcomes media inquiries. Please contact the Public Affairs Office in Dallas at 214 857-1155 or Bonham at 903 583-6214 if we can provide a subject matter expert.
