

Operation Enduring Freedom Operation Iraqi Freedom (OEF/OIF) Program

Serving VA North Texas Health Care System to include Dallas, Ft. Worth, Bonham, and Tyler coverage areas

What Are Combat Veterans Eligible For?

- Cost free care, including medications, for conditions potentially related to their combat service for up to five years following their discharge from active duty status.

- Priority Enrollment Status for up to five years following discharge from the military. Then, VHA enrollment will continue regardless of level of income and a priority group will be determined by eligibility.

- Social work and nurse case management for the severely injured and ill returning service members.

- Full access to VA medical benefits package for all eligible veterans, if they were ordered to active duty by a Federal declaration and served in a combat theater.

*** Each area is subject to military discharge or separation verification.*

- Potential eligibility for dental care within 180 days of discharge from active duty service of a period not less than 90 days (if not previously evaluated and treated within 90 days of military discharge).
